

**REMARKS/ARGUMENTS**

This case has been carefully reviewed and analyzed, and reconsideration and favorable action is respectfully requested.

**DRAWING OBJECTION**

The drawings were originally objected to because Figures 5 and 6 do not match.

Responsive to this, Figure 6 is corrected to match Figure 5 in accordance with the Examiner's instruction and suggestion, and it is believed that the objection should be removed.

Replacement sheet is enclosed for the Examiner's approval. In addition, a marked-up copy (with annotations) of the amended Figure 6 is also enclosed for the Examiner's approval.

**SPECIFICATION OBJECTION**

The disclosure was originally objected to because of some informalities.

However, the Examiner has pointed out that this application is in condition for allowance if rewritten to overcome the above-mentioned objections.

Responsive to this, the specification is corrected in accordance with the Examiner's instruction and suggestion.

Therefore, it is believed that, by the amendments, the objections should be removed, and the claims 1-6 should be allowable.

In view of the foregoing amendments and remarks, Applicant submits that the application is now in a condition for allowance and such action is respectfully requested. If any points remain in issue, which the Examiner feels could best be resolved by either a personal or a telephone interview, he is urged to contact Applicant's attorney at the exchange listed below.

Respectfully submitted,

Hui-Pi Wu
